

## Regulations camping EK Autocross 2022 Toldijk

Welcome to the European Championship Autocross! Due to the safety of the event, the organization, the KNAF and the Stichting Auto- en Motorsport Loenen (SAML) are forced to draw up certain rules, which every visitor and participant must adhere to.

In case **of an EMERGENCY**, call 112 at all times and then the organization.

**You can call Rene Visser +31 6-25133969 Henri Wilbrink +31 6 48156344**

First Aid is present on the site during and after the game.

**First aid station:** Gelre **Hospital Zutphen**

**Address: Den Elterweg 77**

**NL-7207 AE Zutphen**

**(0575-592 592)**

### **Opening hours:**

The campsite will open on Thursday 28 July at 12:00. Visitors and participants with a camping card can stay at the campsite from this moment until Monday 01 August 2022 at the latest, 11:00 am.

### **Spend the night at the European Championship Autocross terrain:**

Anyone who wants to spend the night on the grounds of the European Championship Autocross must be in possession of a camping card. This is available via presale on the registration day and then via the website. The holders of a camping card only have access to the cross terrain WITH A VALID ENTRANCE TICKET. You will receive a wristband upon entering which **MUST** remain on.

ATTENTION: The camping card holder is responsible for the persons staying with him/her on the camping pitch.

### **Set-up of vehicles**

All vehicles destined for camping must park on arrival in the designated parking spaces, outside the fences of the site. At the campsite, all vehicles are placed within the marked spot. The markings in question may not be moved. Vehicles that are outside the marked spot (including on the driving paths) will be removed!

ATTENTION: camping and/or staying overnight is not allowed in the car parks.

### **Driving vehicles**

It is forbidden to drive around the campsite with a motorized vehicle. The use of quads, so-called pit bikes, mopeds, etc. is also not permitted for safety reasons (only by members of the organization).

ATTENTION: Camping guests who think they are compromising safety on the site, or who give others permission to use a vehicle for this purpose, can be removed from the site.

### **Power supply**

There are no standard power supplies on the campsite. As a result, it is allowed to use a small generator that meets the standard requirements. The generator shall not be equipped with an external fuel tank. Use of the generator is permitted from 07:00 until 00:00 at the latest.

### **Dogs**

Dogs are **NOT** allowed to do their needs on or around the (camping) European Championship site. You are required to have dog poop bags with you **AND TO USE THEM TOO!** Dog poop is very harmful to cows!

### **Afval divorce**

There are sufficient facilities on site to deposit waste. In addition, 2 garbage bags will be distributed and can be picked up free of charge at the competition secretariat. One is for plastic waste and the other for residual waste. Clean up your own place on departure. If coarse dirt remains on the spot, the clean-up costs will be recovered from the camping guest.

### **Confiscation of unauthorized items**

Items that are not allowed according to the regulations will be confiscated. These items are not kept or returned to the former owner. It is pointless to discuss this with the organization and /or security.

### **Fire**

By order of the fire brigade and for safety reasons, open fires are strictly prohibited. So also no torches, bonfires, fire pits etc. Realize what an innocently intended fire can cause on a densely populated campsite and prevent that there can be injuries, or much worse.

### **Pane**

NO GLASS is allowed on the entire site! This is to prevent injuries to visitors, participants and employees. Also to prevent unnecessary animal suffering, when broken glass left behind in the country can harm the cattle. Everything made of glass (except glasses) is prohibited on the premises and will be confiscated.

### **Sound systems**

The use of sound systems that provide the entire campsite with your favourite music is not permitted. When cosiness-enhancing music is played by means of a small portable sound source, the organization and / or security decides the maximum volume. Singing and celebrating are allowed, as long as others are not (over) bothered by it. Use of sound systems is permitted until 00:00 at the latest.

ATTENTION: If, after the indicated adjustment of the sound volume, nuisance is later detected again, the sound source and, if necessary, the power supply will be confiscated.

### **Drugs**

Drugs are not allowed!! If you are found to be using, possessing or trafficking drugs, you will be arrested and handed over to the police.

### **Supervision**

Recognizable supervisors and security guards will be present on the site 24 hours a day. The supervisors and security guards are there in the interest of all those present. Instructions given by the supervisors and/or security guards (including regarding regulations) must always be followed.

For all participants and visitors, the presence on the site is entirely at their own risk.

**Finally! The organization and all employees, wish everyone a fantastic motorsport weekend.  
Have fun and make it a few beautiful days!**
